

ORDINANCE NO. 357

VILLAGE OF BELLEVUE, ILLINOIS

ORDINANCE REGULATING STORM SEWER CONNECTIONS

WHEREAS, the Village maintains a storm sewer system (the "Storm Sewer") throughout portions of its territory; and

WHEREAS, the proper operation and maintenance of the Storm Sewer requires that any connections to the Storm Sewer be compatible with the existing Storm Sewer; and

WHEREAS, the Village Board of Trustees believes that the operation of the Storm Sewer will be enhanced, and that the best interests of the Village and its residents will be served, if the Village regulates the manner in which proposed connections to the Storm Sewer are made; and

WHEREAS, Paragraph 11-109-1 of the Illinois Municipal Code (Ill.Rev.Stat. 1989 ch. 24, par. 11-109-1) provides that the corporate authorities of any municipality may construct, repair and regulate the use of culverts, drains, sewers and cesspools;

NOW THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF BELLEVUE, PEORIA COUNTY, ILLINOIS AS FOLLOWS:

Section 1. The Village Board finds as fact the recitals set forth above.

Section 2. No connections shall be made to the storm sewer system of the Village of Bellevue without first obtaining from the Village Board a permit therefor. The Village Board shall grant permits for such connections upon review and approval by the Village Engineer of the plans submitted to the Village pursuant to Section 3 hereof. Any such approved connection shall be constructed in accordance with the information submitted to the Village for review.

Section 3. Prior to the commencement of any work which will include a proposed connection to the storm sewer system of the Village of Bellevue, the party responsible for said work shall request in writing a permit for such sewer connection. Such application shall contain plans for the proposed sewer connection, and the applicant shall, upon request, submit such other information as is reasonably necessary for the Village Engineer to evaluate the proposed connection and its effect on the operation of the entire storm sewer system.

Section 4. If the Village Engineer determines that the proposed connection, as shown by the information provided, will be compatible with the proper operation of the storm sewer system, he

shall approve the plans, and recommend to the Village Board that a permit for such connections be granted.

PASSED AND APPROVED THIS 8th DAY OF August, 1991.
