Dear Ralph:

Working with the county we have discovered some technical corrections that need to be made to the TIF II Map and Legal description. The legal description has errors such as referencing Tower Road instead of N. Tower Road, and needed other language to accurately follow the TIF II boundary. We were also informed by the County that a small parcel of land which lies along the southeast right-of-way for the I-474 access is not within the Village limits. Since the parcel is not within the Village limits, it cannot be in the TIF, so we are excluding it. Other than removing that parcel, the TIF II map is unchanged. The enclosed ordinance makes the necessary corrections and needs to be passed by the Board.

I have enclosed three ordinances and mailed a copy to Craig Hunziker for his review. Please put the ordinance on the agenda for your next Board meeting for passage. I ask that you and the Clerk execute all three copies, keeping one for the Village records and returning the other two to this office.

If you should have any questions, please do not hesitate to call.

Yours very truly,

Dan Walker
