patrons being courteous to the neighbors since everything

temporary seating if not confined within their already
accepted beer gardens etc.

A property on Eastland isn't hooked up to the sewer and is
asking for the village a Variance to put in a filter bed for

septic tank. Lane Alster (Lawyer) said we couldn't do that from a legal stand point because it was mandatory to hook up to it when they ran it years ago. Don't know why or how the property in question didn't get hooked up but the board agrees that the property needs to be hooked up to the sewer.

Someone has reached out about opening a business on Cul-de-sac making hand sanitizer (disinfectant). The said property is not zoned for that type of business.
